TOUR STORIES

di *Federica Sciamanna*

Have you ever tried to step into the shoes of a real on the road musician? A music pro will travel for miles and miles across lands, skies and oceans to pursue the dream. Troubles are always there, but they make the trip even more magical once the artist goes on stage. Faith, singer of The Shiver, in this diary tells the - true! - story of the adventures that her band had to face during a long tour across Central Europe, United Kingdom and the Iberian Peninsula. As you will read, the band fought hard in the name of music, between engine failures, crazy drivers and great gigs... their travels had to be epic.
