Damanhur is a path of spiritual research, inspired by the teachings of Falco Tarassaco and further developed by the Damanhurians themselves, over many years of living together, into a philosophy of life. These are the principles, the ideas and the rituals of a school of thought that discovers the Divine in every aspect of existence. Damanhur, with more than forty years of history and over a thousand members worldwide, is a social and spiritual experience with many stories to tell. "Damanhur Con Te" is a way to collect, share and bring home pieces of the wisdom—or the foolhardiness, depending on how you look at it—that has guided us on this adventure.
